Impact strength

Due to its austenitic microstructure, Alleima® 8LR30 has very good impact strength both at room temperature and at cryogenic temperatures.

Tests on bar have demonstrated that the steel fulfils the requirements (60 J (44 ft-lb) at -196 $^{\rm o}$ C (-320 $^{\rm o}$ F)) according to the European standards prEN13445-2(UFPV-2) and EN 10272.
